

# STRIBLING ORCHARD EDUCATIONAL TOURS

**This is not a confirmation letter. Complete and return this form immediately. We will send an information packet with your confirmation letter.**

We are pleased to welcome you to the 2022 Season at Stribling Orchard! In an attempt to keep things fresh and working well for those of you who visit, we are constantly trying to improve our tours. This year we will begin the tour by gathering for a short talk on growing apples from seed to market through the seasons and, for older audiences upon request, life long ago vs. today in the orchard. Then we will send you out into the orchard to fill your bags and return for a snack or picnic per request. Thanks for your interest!!
